Description

The Silhouette Mint™ is the most innovative and powerful custom stamping system on earth. The machine's special "thermal printing" ability lets you create 3D reliefs of custom designs on Mint stamp sheets. Simply apply Mint inks to your stamp and you are ready to roll. Stamp up to 50 times before reapplying your Mint ink. Design it, Mint it, ink it, stamp it.

The Mint system is driven by powerful custom software, Mint Studio™ (included with purchase).

Mint allows you to create the perfect stamp by:

- Turning designs from Silhouette Design Store into stamps
- Turning text into a stamp using any font from your computer
- Creating your own design from within Mint Studio™

- Importing any image into Mint Studio™ to create your stamp
- Turning a photo into an amazingly detailed stamp
- Combining any or all of these options to create whatever you can imagine
