Description

Add an elegance finish to cards, paper projects and more with the Gemini FoilPress Paper Crafts or Multi Surface Foil Rolls and the Gemini Foilpress system.

Using the Foilpress Hot Plate foiling platform, warm the metal shim with a die on top.

Cut the foil to the size needed to cover the die, place colored side of foil face down on top, add project paper or another surface plus top plate and run through a Gemini Junior.

Carefully remove foil to see your design.
