Description

5 piece layering stencil set made to coordinate with the Christmas Presents stamp set, and Christmas Presents die set.

There is a separate stencil for each layer, with guidelines on each stencil for perfect alignment when using alone.

When using the stencils with the stamped image you will forego the alignment guides, and instead align each layer to the stamped images.

Use them without the stamped image for a softer look.

Use the coordinating stamp to add more detail to the image by stamping with detail black or heat embossing in your favorite powder for added shine.

Stencil design measures approximately 4-1/4 x 5-1/2 inches.

Made in USA.
