Description

4 piece layering stencil set made to coordinate with the Chrysanthemum Slimline stamp set and Chrysanthemum Slimline die set - available for purchase separately. There is a separate stencil for each layer, with guidelines on each stencil for perfect alignment when using alone.

When using the stencils with the stamped images you will forego the alignment guides, and instead align each layer to the stamped images.

Use them without the stamped image for a soft, no-line coloring feel. Use the coordinating stamp to add more detail to the image by stamping with detail black, or heat embossing in your favorite powder.

Imported.
