Description

Personalize and customize your projects with Typewriter by Tim Holtz! This vintage inspired embossing folder includes both capital letters and lowercase letters.

Great for a wide range of making activities for literary lovers and more! Enter the next dimension in embossing!

Our 3-D Texture Fades Embossing Folders offer the deepest and boldest dimensional embossing experience with a truly striking visual element.

Turn ordinary cardstock, paper, metallic foil or vellum into an embossed, textured masterpiece.

For best results, spray fine water mist onto both sides of material before use and pass the folder through your machine three times.

Please note that cardstock must be dry before distressing with ink.
